

**TECHNICAL DATA SHEET
HARDENER HS EXPRESS XC-03**

Line: EXLAK

PRODUCT DESCRIPTION

This is a special hardener, composed for HS Express XC-03 clearcoat. Application in a ratio of 1:2 with clearcoat.

TYPES OF HARDENER

Due to the technology and properties of the HS Express XC-03 clearcoat, HS Express XC-03 hardener occurs in one universal type.

RULES OF CONDUCT

Please note that after opening the container with a hardener and mixing it with clearcoat, you should immediately close it to prevent the hardening reaction in contact with air.

STORAGE TIME AND CONDITIONS

Store in tightly closed containers, in a cool, dry place away from sources of fire and heat. Avoid exposure to sunlight. Expiration date: 9 months from date of manufacture - date on the top of container.

CLEANING EQUIPMENT

For cleaning equipment can be used acryl thinner[*code: E-RA*] or nitro thinner[*code: E-RN*]. It is recommended to use thinner for cleaning paint spray guns EXLAK [*code: E-RDMP*].

HEALTH AND SAFETY REGULATIONS

See Safety Data Sheet of the product.

SPECIFIC WEIGHT

About 1.0 g/cm³
